➤ Changes in SEBI Regulations :

Effective from 01.01.2021, as per the SEBI circular dated 23rd November'20, the investors who wants to apply for Public issue of NCDs, with an investment amount for a minimum amount of Rs.10,000 up to Rs.2,00,000/- has an option of UPI id to block the funds through UPI mechanism.

There are two options to block the fund through UPI mechanism ;

- a. Through physical application : Mention UPI id in the application form and submit for process
- b. Through Online banking /BSE Direct.

NOW LET US GO THROUGH STEP BY STEP PROCESS OF HOW TO CREATE UPI ID FOR THE CUSTOMER AND HOW TO REGISTER WITH BSE DIRECT APP AND APPLY FOR NCDS THROUGH ONLINE WITH UPI ID.

- What is UPI (United Payments Interface)?
- What is VPA (Virtual Payment Address) ?
- Requirements for enabling UPI App
- Categories of UPI Apps
- How to download, install and use various categories of UPI Apps
- You Tube videos on how to download and create UPI Id on bank Apps and UPI Apps.

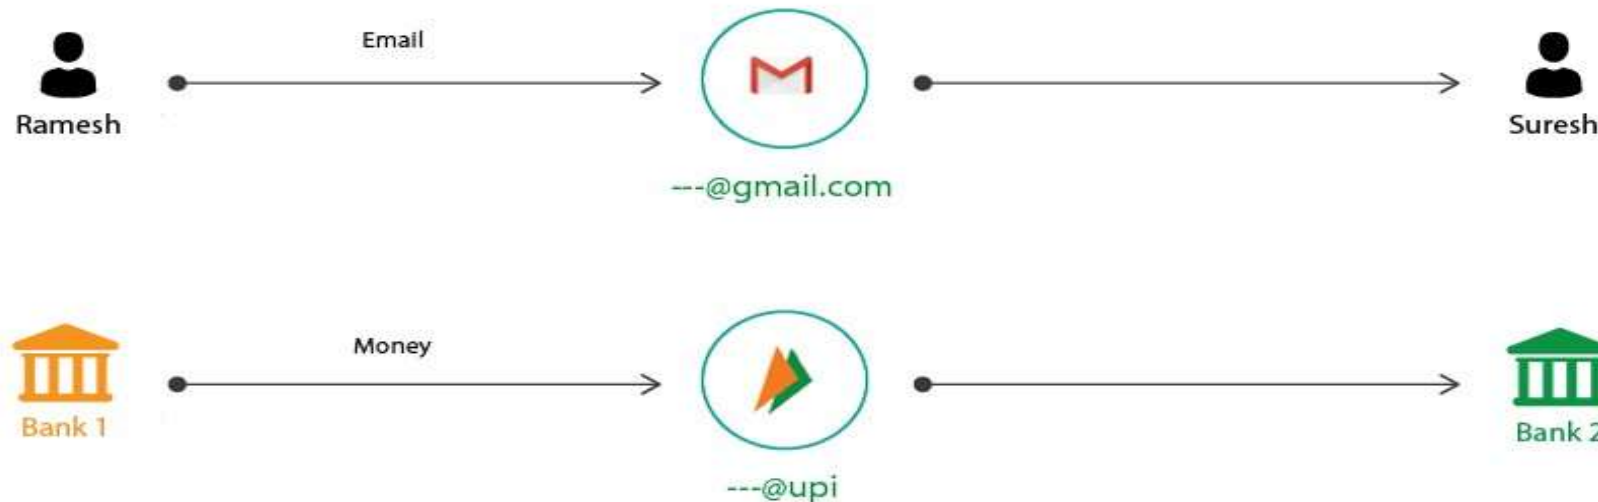

- UPI stands for **Unified Payments Interface**.
- It is a simple, secure and convenient “interface” to send or receive money in real-time using smart phones.
- It offers inter-bank transfers between any two bank accounts i.e. sending or receiving money among banks in India.

What is VPA

- VPA or 'Virtual Payment Address' is a unique ID created through UPI enabled Apps like BHIM app, Google Pay app, Bank apps, etc.
- Just as an email goes from one person to another using his email address, money goes from one bank account to another using his VPA. There is no need for his bank account number or IFSC.

Requirements for enabling UPI App

- Any bank provided UPI App for Android or Apple mobiles to be downloaded from Play Store (Android) or App store (Apple)
- Smart phone to download UPI App
- Account with Bank having UPI facilities
- Mobile number registered for above Bank Account
- Active Debit card for above Bank Account to set up UPI PIN

1→Open KVB Mobile Bank App

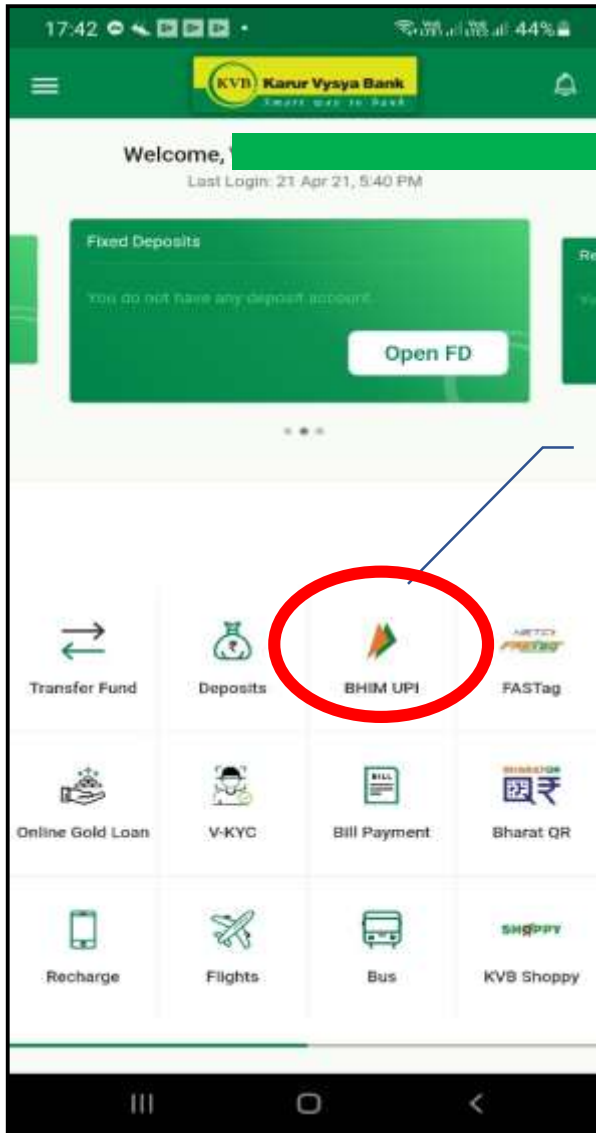

2→Login into homepage.

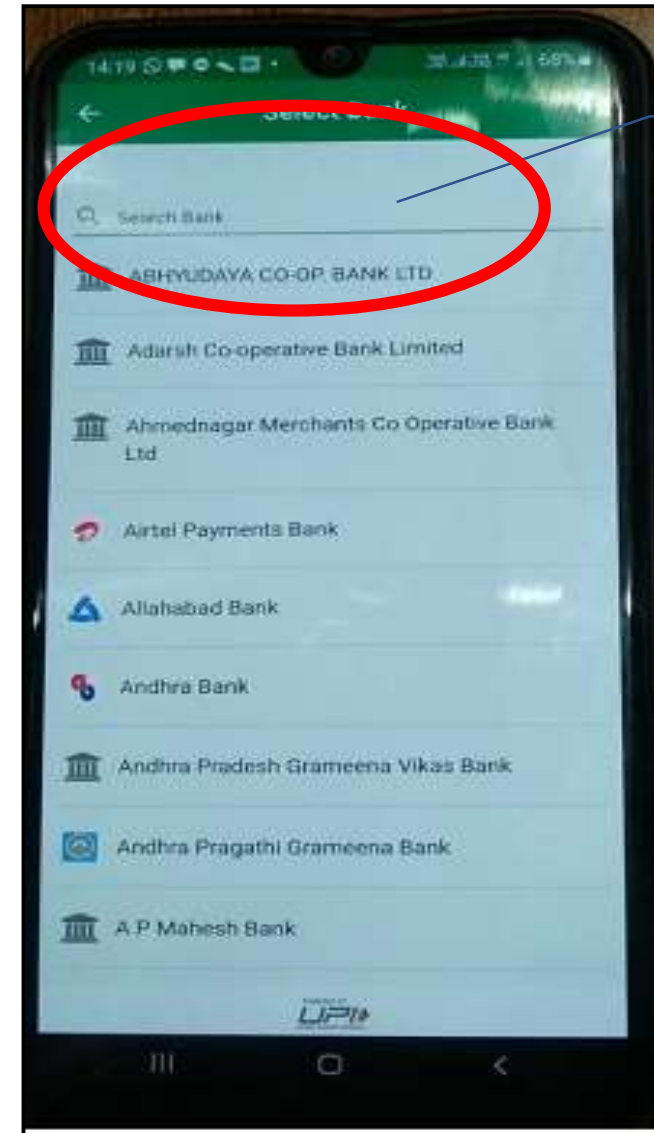

Login

3→Click on BHIM App.

4→Select your Bank Name

Select & Open
BHIM App.

Select Bank

5→ Enter Desired UPI Id to check its availability.

6→ If UPI Id is available, Tick Mark will appear

This is a screenshot of a mobile application's 'Add VPA' screen. The screen has a green header with a back arrow and the text 'Add VPA'. Below the header, there are several input fields: 'Bank Name' (Karur Vysya Bank), 'Account Number' (XXXXXXXXXX), 'IFSC Code' (KVBL00), and 'Account Type' (SAVINGS). At the bottom, there is a green bar with the word 'SUBMIT' in white. A red circle highlights the 'Check VPA Availability' button, which is located below the account type field. A blue line points from the text box to the input fields.

Enter Desired UPI id (can be initials or mobile number or any combination, and then check its availability

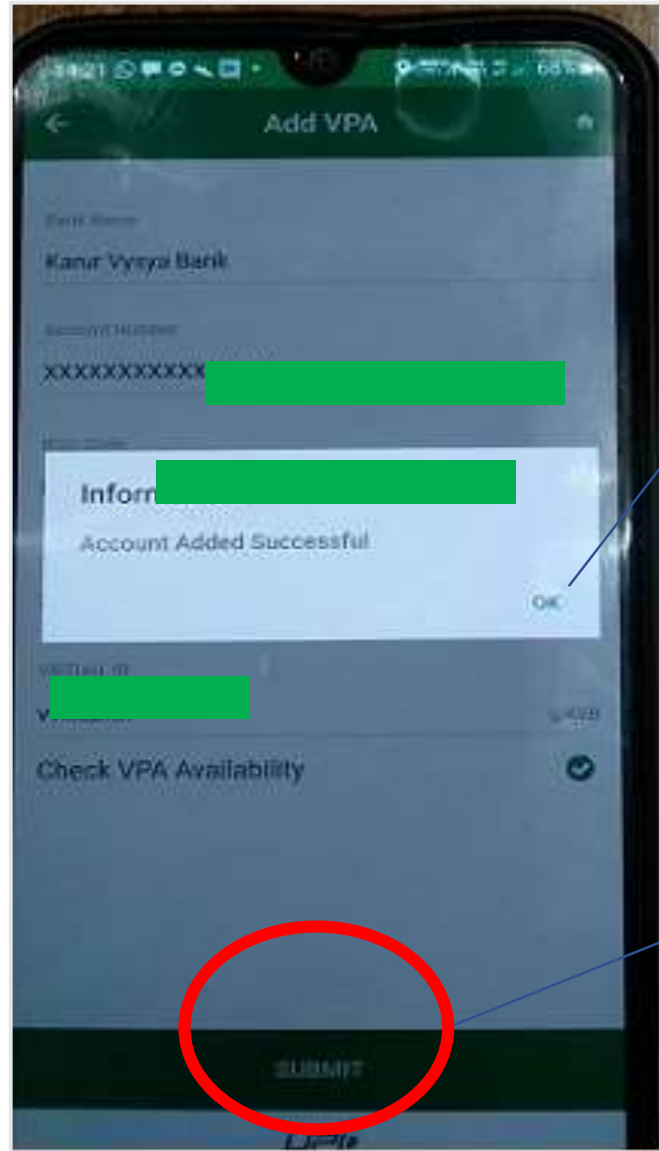

This is a second screenshot of the 'Add VPA' screen, showing the result of the availability check. The layout is identical to the first screenshot, but now a green tick mark is visible next to the 'Check VPA Availability' button. A red circle highlights the 'SUBMIT' button at the bottom. A blue line points from the text box to the tick mark.

Tick will appear.

Click Submit

7→UPI Id will be linked to your bank account.

8→Change UPI PIN.

Click OK

Click Submit
