## 6. Institutional set-up for Liquidity Risk Management

The Board of Directors of the Company have an overall responsibility for the management of all types of risks, including liquidity risk, to which the Company is exposed in the normal course of its business. Further, the Board of Directors have constituted a Risk Management Committee ("**RMC**"), as mandated by RBI, for the effective supervision, evaluation, monitoring and review of various aspects and types of risks, including liquidity risk, faced by the Company. The meetings of RMC are presently held as may be necessary, however, the Company intends to expand the frequency of holding the meetings. Moreover, the Board of Directors have also constituted an Asset Liability Committee ("**ALCO**"), for the management of the Company's short and long-term funding and meeting liquidity requirements. The Company manages liquidity risk by maintaining adequate reserves and surplus, accessing undrawn bank facilities and obtaining funding from various other sources, as may be feasible. ALCO provides guidance and direction in terms of interest rate, liquidity, funding sources etc. ALCO meetings are held as may be required, however, the Company intends to hold more meetings in a year for the effective functioning. The minutes of ALCO meetings are placed before the Board of Directors at their next meeting for their perusal / approval / ratification.
